

QUALITY POLICY

GO4AGRI Certification Pvt. Ltd. is committed to operating as an independent, impartial, and competent certification body in accordance with the requirements of ISO/IEC 17065 and applicable scheme-specific standards.

Top Management ensures that all certification activities are conducted with integrity, impartiality, transparency, and technical competence, maintaining confidence in the certification process and its outcomes.

GO4AGRI is committed to:

• **Impartiality and Independence**

Ensuring that certification decisions are made objectively, free from any commercial, financial, or other pressures. Risks to impartiality are identified, analyzed, and managed on an ongoing basis.

• **Compliance with Requirements**

Operating in accordance with applicable statutory, regulatory, accreditation, and scheme requirements, including relevant international standards.

• **Competence and Consistency**

Maintaining a high level of competence of personnel involved in certification activities through defined qualification criteria, training, and performance monitoring to ensure consistent and reliable certification outcomes.

• **Transparency and Accessibility**

Making relevant information about certification processes, requirements, and procedures publicly available, ensuring openness and trust in certification activities.

• **Confidentiality**

Protecting all information obtained during certification activities, ensuring it is handled with strict confidentiality and used only for its intended purpose.

• **Non-Discriminatory Access**

Providing certification services without discrimination, ensuring equal access to all applicants irrespective of size, location, or scope of operation.

• **Control of Outsourced Activities**

Ensuring that any outsourced or subcontracted activities are performed by competent personnel and are controlled to maintain consistency, impartiality, and compliance with certification requirements.

• **Effective Management System**

Implementing and maintaining a documented management system, including policies and procedures, to ensure the effective operation and continual improvement of certification activities.

• **Handling of Complaints and Appeals**

Establishing transparent and impartial processes for handling complaints and appeals, ensuring timely resolution and continual improvement.

• **Continual Improvement**

Enhancing the effectiveness of the certification system through internal audits, management reviews, monitoring of certification activities, and corrective and preventive actions.

Top Management is responsible for ensuring that this Quality Policy is understood, implemented, and maintained at all levels of the organization.
